

Breathable scrub blend

Smooth comfort and practical care for extended care shifts.

Material profile

Lightweight scrub blend

Typical weight: 145–170 GSM

Best suited to

Scrubs

Patient gowns

Attendant wear

Care instructions

• Machine wash warm, following local care protocols. • Dry on low heat. • Use non-chlorine care products where needed. • Remove promptly to reduce creasing.

Buying note

Select this blend when lightness, easy movement, and dependable laundering are central to a healthcare uniform programme.
